

Lacq Worktop Oil

Lacq offers the right wood protection for every job! Lacq Worktop Oil is a 100% natural wood oil that protects wood indoors and outdoors against water, weather influences, alcohol and food acids. This pure Worktop Oil has been used for centuries to provide durable protection for wooden worktops, kitchen worktops and countertops, giving a long-lasting, matt finish.

Suitable for indoor and outdoor wooden worktops:

- Cutting boards
- Wooden kitchen utensils
- Tables
- Furniture
- Other interior wood

Application:

1. Lacq Worktop Oil is ready to use. Apply the oil with a brush or a lint-free cotton cloth. Allow the oil to soak in for 20 to 30 minutes (depending on the wood).
2. Then wipe off the excess oil with a lint-free cotton cloth. Important! Wipe off the excess oil before it becomes sticky.
3. Allow the oil to dry for 24 hours.
4. Repeat these steps for multiple coats. For porous surfaces or surfaces that are also exposed to the outdoors, we recommend 4 coats.
5. Once the desired number of coats has been applied, allow the oil to dry completely for a few days.

Please note! Always test a small area first to see if you get the desired finish. This can vary depending on the type of wood.

Nut allergy:

People with a nut allergy are advised to exercise caution with tung oil, as it is a seed oil derived from the seeds of the tung tree. Although the oil does not come directly from the nuts themselves and is considered food-safe after polymerisation, there is still a possible risk of a reaction in people with a severe or known nut allergy.

Coverage:

Approximately 30 m² per litre.

Please note! Coverage always depends on the structure and absorbency of the wood, the layer thickness, the tools used and the application conditions.

Drying time:

Dust dry:	approx. 1 hour.
Recoat after:	approx. 24 hours.
Min. processing temperature:	5 °C.
Max. processing temperature:	25 °C.

Cleaning:

Beware of overheating! After use, Pour water over the used cloths with water and hang them up to dry. Clean tools with white spirit or Fluxaf Brush Cleaner.

Available quantities:

250 ml.

Available colours:

Natural.

Shelf life:

Close airtight after use and turn over briefly to fill the rim for a good seal. Store 2 years in original unopened packaging, frost-free, in a dry place (temperature between 5°C and 35°C).

Safety advice:

Keep out of the reach of children. For detailed safety information, refer to the MSDS.

MSDS can be downloaded at www.lacq.nl.
